# TRANSFORMATION FOR THE FUTURE

## List of Major Transactions Concluded by PJSC Uralkali in 2018

### Major transactions (a set of interrelated transactions)

**1. Supplementary Agreement of 10 October 2018** to the Revolving Credit Line Facility of 19 April 2017, approved at the Annual General Meeting of PJSC Uralkali on 20 June 2017 (AGM Protocol No. 55 of 20 June 2017) (taking into account the amendments and addenda), increasing the credit limit under the Revolving Credit Line Facility to USD 1,250,000,000 (hereinafter referred to as the "Credit Facility").

**Subject:** Creditors specified in the Credit Facility (hereinafter referred to as the "Creditor" or "Creditors") provide PJSC Uralkali (the "Borrower") with a revolving credit line with differentiated rates limited to no more than USD 1,250,000,000. The funds can be provided in tranches, upon request of the Borrower to disburse and use the funds. To that end, the Borrower shall send the Credit Agent, as specified in the Credit Facility, a loan disbursement application indicating the amount of the requested tranche, which shall be no less than USD 25,000,000 and no more than the amount of the total credit limit, and the expected date of the disbursement, no later than the last day of the period of cash disbursement, i.e. within 36 months from the date of signing the Credit Facility, as well as the loan disbursement confirmation by all the parties. The Borrower shall pay interest to the Creditor for the use of the loan in the currency of the loan. The interest rate shall be specified in the aforementioned confirmation in every separate case of cash disbursement.

**Parties and beneficiaries of the transaction:** Public Joint-Stock Company Uralkali as the Borrower, Public Joint-Stock Company Sberbank of Russia as the authorised lead organiser (creditor), security agent and joint creditor, Sberbank (Switzerland) AG as the authorised lead organiser (creditor), credit agent and hedge provider.

**Term:** Date of full repayment of the loan(s) disbursed: 1 July 2023.

**The full amount** of the Credit Facility includes:

(i) the USD 1,250,000,000 credit limit; (ii) the total amount of interest accrued separately for each credit tranche provided to the Borrower within the entire period of its use but not exceeding the term of the credit line; and (iii) an arrangement fee as well as other fees generated under the Credit Facility.

The Credit Facility is interrelated with the following transactions:

1. Non-Revolver Credit Line Facility No. 8-NKL of 1 July 2013 (including all amendments and addenda thereto) between PJSC Uralkali (the "Borrower") and PJSC Sberbank (the "Creditor") approved (i) by the decision of the Board of Directors of PJSC Uralkali on 10 September 2013 (Minutes No. 281 of 10 September 2013), (ii) by the decision of the Extraordinary General Shareholders Meeting of PJSC Uralkali on 22 October 2013 (Minutes No. 36 of 22 October 2013), (iii) by the decision of the Extraordinary General Shareholders Meeting of PJSC Uralkali on 18 December 2013 (Minutes No. 38 of 18 December 2013), and (iv) by the decision of the Extraordinary General Shareholders Meeting of PJSC Uralkali on 9 December 2015 (Minutes No. 48 of 10 December 2015);

2. Non-Revolver Credit Line Facility No. 5674 of 19 December 2013 (with all amendments and addenda thereto) between PJSC Uralkali (the "Borrower") and PJSC Sberbank (the "Creditor") approved (i) by the decision of the Extraordinary General Shareholders Meeting of PJSC Uralkali on 7 April 2014 (Minutes No. 40 of 7 April 2014), (ii) by the decision of the Extraordinary General Shareholders Meeting of PJSC Uralkali on 9 December 2015 (Minutes No. 48 of 10 December 2015), and (iii) by the decision of the Extraordinary General Shareholders Meeting of PJSC Uralkali on 15 March 2016 (Minutes No. 50 of 16 March 2016);

3. Non-Revolver Credit Line Facility No. 5877 of 24 March 2016 (including all amendments and addenda thereto) between PJSC Uralkali (the "Borrower") and PJSC Sberbank (the "Creditor") approved by the decision of the Extraordinary General Shareholders Meeting of PJSC Uralkali on 15 March 2016 (Minutes No. 50 of 16 March 2016); and

4. Non-Revolver Credit Line Facility No. 5878 of 24.03.2016 (including all amendments and addenda thereto) between PJSC Uralkali (the "Borrower") and PJSC Sberbank (the "Creditor") approved by the decision of the Extraordinary General Shareholders Meeting of PJSC Uralkali on 15 March 2016 (Protocol No. 50 of 16 March 2016), which in aggregate represents more than 50% of the book value of the Company's assets, according to RAS accounting statements as of the last reporting date.

The transaction was approved by the decision of the EGM of 26 December 2018 (Minutes No. 58 of 28 December 2018).

Supplementary Agreement No. 1 of 2 April 2018 to Contract No. 112/17F of 20 December 2017	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The revised work schedule.	1 September 2017–10 December 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 333 of 12 April 2017)
Contract for research works No. 183/18F of 2 April 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Executor	The Executor undertakes to perform the following R&D activities: "Development of recommendations for the conduct of flotation desliming of small fractions of flotation tailings (halite waste) with subsequent dehydration and filtration", and the Customer agrees to accept the results of the works and pay for them.	1 March 2018–31 August 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 333 of 12 April 2017)
Contract for works No. 751U-2018 of 9 April 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Executor	The Executor undertakes to perform the following works: "Geophysical survey on monitoring the salt-dumping of Solikamsk-1 in order to identify caverns", and the Customer agrees to accept the results of the works and pay for them.	1 April 2018–30 November 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 333 of 12 April 2017)
Contract for works No. 750U-2018 of 9 April 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Executor	The Executor undertakes to perform the following works: "Geophysical survey for monitoring salt tailing piles to identify caverns at Berezniki-2", and the Customer undertakes to accept the results of the works and pay for them.	1 April 2018–30 November 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 333 of 12 April 2017)
Supplementary Agreement No. 3 of 30 March 2018 to Construction Contract for design works No. 53-22131 of 27 February 2017	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	1. Amendments were made to the "Cost of works and the payment procedure" section of the contract. 2. Amendments were made to the tasks of the Contract. 3. The revised works schedule. 4. The revised estimate.	26 December 2016–1 November 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 333 of 12 April 2017)
Supplementary Agreement No. 1 of 11 April 2018 to Contract No. 154/17F of 16 November 2017	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Executor	1. Amendments were made to the "Subject of the contract" section of the Contract. 2. The revised Terms of Reference for completing the work. 3. The revised work schedule.	1 November 2017–13 June 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 333 of 12 April 2017)
Contract for research works No. 2-224 of 19 April 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Executor	The Executor undertakes to perform the following research activities: "Analysis and forecast of reduction of pollutant concentrations in output No. 3 after the implementation of the project to intercept drainage water discharged for output No. 3 of the Berezniki-2 to the Lenva River", and the Customer undertakes to accept the results of the works and pay for them.	2 April 2018–30 March 2019	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 333 of 12 April 2017)
Contract for research works No. 168/18F of 4 April 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Executor	The Executor undertakes to perform the following R&D activities: "Assessment of filtration losses of brines from slurry storages Solikamsk-1,2,3 for 2013–2018", and the Customer undertakes to accept the results of the works and pay for them.	1 March 2018–15 December 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 333 of 12 April 2017)
Supplementary Agreement No. 1 of 16 April 2018 to Construction Contract for design works No. 51-752 of 3 October 2017	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The revised work schedule.	20 March 2017–30 March 2019	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 333 of 12 April 2017)
Supplementary Agreement No. 1 of 16 April 2018 to Construction Contract for design works No. 51-751 of 26 September 2017	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The revised work schedule.	20 March 2017–28 February 2019	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 333 of 12 April 2017)
Agreement of 30 March 2018 to terminate Construction Contract No. 53-737F of 10 November 2016	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	Termination of the Contract	-	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 333 of 12 April 2017)
Construction Contract for design works No. 53-22150F of 27 April 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Contractor undertakes to perform the following design works at the facility "PJSC Uralkali. Solikamsk-3. Construction of hydraulic stowage complex of shaft No. 3": 1. Develop mining and geological feasibility evaluation; 2. Justify the possibility of building an underground hydraulic stowage complex in the existing pillar under the industrial site at the Solikamsk-3 mine; 3. Perform engineering survey and assessment of the technical condition of the building structures of hoisting machines for shaft No. 3 at axes A–Zh1–3; 4. Perform adjustment of raw data; 5. Develop raw data for mine ventilation; 6. Perform geological and engineering survey; 7. Perform engineering and geodetic survey; 8. Perform engineering and environmental survey; 9. Perform engineering and hydrometeorological survey; 10. Develop project documentation. The Customer undertakes to accept the results of the works and pay for them.	1 November 2017–25 May 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Supplementary Agreement No. 1 of 24 April 2018 to Construction Contract for design works No. 52-229 of 13 July 2017	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	1. The revised works schedule. 2. The revised cardinal rules of PJSC Uralkali on Labour Safety.	15 June 2017–30 November 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Construction Contract for works No. 124/18F of 25 April 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Contractor undertakes to perform the following works: "Hydrometric observations on slurry storages Solikamsk-1,2,3, Berezniki-1,2,3, construction of transverse and longitudinal sections and the provision of reasonable information about the volumes of sludge and brines for 2018", and the Customer undertakes to accept the results and pay for them.	1 March 2018–15 February 2019	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Supplementary Agreement No. 1 of 23 April 2018 to Contract No. 155/17F of 24 November 2017	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Executor	1. Amendments were made to the "Subject of the contract" section of the Contract. 2. Revised Terms of Reference for completing the research works projects. 3. The revised work schedule.	9 October 2017–10 December 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Supplementary Agreement No. 1 of 25 April 2018 to Contract No. 52-178 of 27 September 2017	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Executor	1. Amendments were made to the "Term of work" section of the contract. 2. Amendments were made to the "Cost of works and the settlement procedure" section of the Contract. 3. The revised works schedule. 4. The revised estimates. 5. The revised calculation of the estimated cost of work.	15 September 2017–30 November 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)

Construction Contract for design works No. 52-252 of 26 April 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Contractor undertakes to perform the following design works on the project "Liquidation of the hazardous production facility Mine with the Method of Underground Development of Solikamsk-2. Brine removal complex at South-Western panels 1, 2 and North-Eastern panel 4 (with a horizon of 143m). Device of the block pumping station of North-Eastern panel 4–South-Eastern panel 1": 1. Develop design documentation; 2. Develop engineering design documentation. The Customer undertakes to accept the results of the works and pay for them.	1 March 2018–31 May 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Supplementary Agreement No. 2 of 26 April 2018 to Construction Contract for design works No.52-225 of 23 August 2017	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	1. Amendments were made to the "Cost of works and the payment procedure" section of the contract. 2. Amendments were made to the "Addresses, bank details, signatures of the parties" section of the Contract. 3. Amendments were made to the design assignment. 4. The revised work schedule. 5. The revised estimates.	1 August 2017–31 July 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Contract for research works No. 164/18F of 28 April 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Executor	The Executor undertakes to perform the following R&D activities: "Conducting research on the objects of tailing facilities of Berezni-1,2,3,4, Solikamsk-1,2,3; assessment of their effects on the aquatic environment; provision of source data for the calculation of the filtration volumes", and the Customer undertakes to accept the results of the works and pay for them.	1 March 2018–15 December 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Contract for research works No. 156/18F of 14 May 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Executor	The Executor undertakes to perform the following R&D activities: "Assessment of the technical condition of the observation wells and gauging stations of the network with the issuance of a conclusion on its effectiveness", and the Customer undertakes to accept the results of the work and pay for them.	1 March 2018–10 December 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Contract for designer supervision No. 4-1918 of 28 April 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Customer entrusts, and the Executor undertakes to provide services for the designer supervision over the implementation of designer solutions for mining in the mines Berezni-2, Berezni-4, Solikamsk-1, Solikamsk-2, Solikamsk-3 of PJSC Uralkali in 2018–2019.	10 April 2018–10 November 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Construction Contract for design works No. 95-176 of 8 May 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Contractor undertakes to perform the following design works on the project "Technical re-equipment of the chimney of the boiler house No. 1 of Berezni-4": Perform feasibility study, and the Customer undertakes to accept the results and pay for them.	3 May 2018–6 August 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Contract for design work No. 748U-2018 of 24 April 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Executor	The Executor undertakes to perform the following design works: "Drafting a project for carrying out a survey and appraisal works at the Izversky block of the Verkhnekamskoye salt deposit", and the Customer undertakes to accept the results of the works and pay for them.	1 March 2018–1 November 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Supplementary Agreement No. 8 of 8 May 2018 to Contract for designer supervision No. 4-1013 of 8 April 2013	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Executor	The revised estimates.	-	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Supplementary Agreement No. 1 of 11 May 2018 to Contract No. 738U-2018 of 16 February 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Executor	The revised work schedule.	1 September 2018–15 December 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Construction Contract for design works No. 52-241 of 14 May 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Contractor undertakes to perform the following project work on the project "Technical re-equipment of the ore transportation scheme of PU-13 to PU-1 Solikamsk-2 PJSC Uralkali": 1. Perform engineering – geodesic and engineering-geological surveys; 2. Perform engineering surveys of building structures; 3. Develop design documentation; 4. Develop engineering design documentation. The Customer undertakes to accept the results of the works and pay for them.	15 May 2018–30 September 2019	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Construction Contract for design works No. 53-22135F of 14 May 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Contractor undertakes to adjust the design documentation for the project "Development of a salt tailing pile with a combined method of placement of salt waste from the concentration plant of Solikamsk-3", and the Customer undertakes to accept the results and pay for them.	15 April 2018–20 December 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)

Develop design documentation; 2. Develop engineering design documents on the creation of a mitigation zone; 3. Develop Engineering Design Documents for block 8 of west panels 14, 16, 18, 20 including the development of a safety pillar. The Customer undertakes to accept the results of the works and pay for them.	3 May 2018–29 December 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Construction Contract for works No. 4-105/5 of 17 May 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Contractor undertakes to perform the works "Inspection of hydraulic structures (HS), slurry storages Berezni-1,2,3,4; Solikamsk-1,2,3; Verkhne-Zyryansky reservoir in 2018", and the Customer undertakes to accept the results and pay for them.	15 May 2018–20 December 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Construction Contract for design works No. 3-223 of 18 May 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Contractor undertakes to perform the following design works on the project "Technical re-equipment of UOGP-1 classification of the complex of loading and unloading operations at Berezni-3": 1. Perform geological and engineering survey; 2. Conduct Engineering Surveys and an assessment of the technical condition of the building structures of the building of the cargo-handling operations station bunkers; 3. Develop Basic Technical Solutions; 4. Develop engineering design documentation. The Customer undertakes to accept the results of the works and pay for them.	15 January 2018–28 December 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Contract No. 163/18F for research works of 22 May 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Executor	The Executor undertakes to perform the following R&D activities: Conduct a set of research to study the characteristics of geological, hydrogeological and hydrochemical conditions and to perform zoning of the water content of the salt complex of the Ust-Yayvinsky block", and the Customer undertakes to accept the results of the works and pay for them.	1 March 2018–10 December 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Contract No. 182/18F for research works of 22 May 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Executor	Under the conditions specified in this Contract, the Executor undertakes to perform the following research works: "Designer supervision over the implementation of the regulatory water balance RVKU (TR 02.2.4-41-2015) in the production of 98% potassium chloride on line B", and the Customer undertakes to accept the results of the works and pay for them.	3 May 2018–31 August 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Contract No. 190/18F for research works of 22 May 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Executor	The Executor undertakes to perform the following R&D activities: "Development of technology for separate flotation of small and large fractions of ore using column machines at the Berezni-3 sylvinite processing plant", and the Customer undertakes to accept the results of the works and pay for them.	2 April 2018–10 December 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Construction Contract for design works No. 2-229 of 29 May 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	Under the conditions defined by this Contract, the Contractor undertakes to perform the following design works on the project "Technical re-equipment of hydraulic stowage of the mined-out area of the North-Western part of the mine field of the Berezni-2 mine": 1. Develop design documentation; 2. Develop Engineering Design Documents for block 6 of west panels 14, 16, 18, 20; 3. Develop Engineering Design Documents for block 7 of west panels 14, 16, 18, 20; 4. Develop Engineering Design Documents on backfilling of block 8 of west panels 14, 16, 18, 20 including the development of a safety pillar. The Customer undertakes to accept the results of the works and pay for them.	1 June 2018–31 December 2019	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Construction Contract for design works No. 53-22171 of 25 May 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	Under the conditions specified in this Contract, the Contractor undertakes to develop a Solikamsk-3 situational plan with applying sources of emissions of pollutants into the atmosphere and determining their coordinates in the coordinate systems of PJSC Uralkali and Solikamsk, and the Customer undertakes to accept the results and pay for them.	2 May 2018–30 November 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Construction Contract for design works No. 2-227 of 29 May 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Contractor undertakes to perform the following design works at the facility "Complex of additional facilities for intercepting drainage waters discharged for output No. 3 of the Berezni-2 to the Lenva River": 1. Perform geological and engineering survey; 2. Develop basic technical solutions. The Customer undertakes to accept the results of the works and pay for them.	2 April 2018–28 September 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Construction Contract for design works No. 52-258F of 31 May 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Contractor undertakes to perform feasibility study at the facility: "Plant for the evaporation of Solikamsk-2 mine brines", and the Customer undertakes to accept the results and pay for them.	2 April 2018–31 May 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Construction Contract for design works No. 52-249 of 31 May 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Contractor undertakes to perform the following design works on the project "Liquidation of a hazardous production facility Mine with the Underground Method of Development of Solikamsk-2. The liquidation of mine shafts No. 3, No. 4, No. 5": 1. Develop design documentation; 2. Develop engineering design documentation. The Customer undertakes to accept the results of the works and pay for them.	9 April 2018–12 January 2019	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Construction Contract for design works No. 52-250 of 31 May 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	Under the conditions defined by this Contract, the Contractor undertakes to perform the following design work on the project "Technical re-equipment of the reagent preparation department of the sylvinite processing plant at Solikamsk-2": 1. Perform engineering and geological surveys; 2. Perform an engineering survey with an assessment of the technical condition of building structures for the preparation of reagents in axes B1-K/1-6; 3. Update design documents. The Customer undertakes to accept the results of the works and pay for them.	9 April 2018–15 September 2018	A. Vishchanenko, D. Osipov, M. Shvetsova, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)

Contract for works No. 158/18F of 9 July 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Executor undertakes to perform the following works: "Development of trial batches of halurgic granular MOP samples from products of the sylvinitic processing plant at Solikamsk-1 and the sylvinitic processing plant at Berezniki-4", and the Customer undertakes to accept the results of the works and pay for them.	1 July 2018–1 October 2018	A. Vishchanenko, V. Lauk, M. Shvetsova, A. Yashnikov, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Construction Contract for design works No. 52-256 of 5 July 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Contractor undertakes to perform the following design work on the project "Reconstruction of the ore transportation scheme to Solikamsk-2 storage No. 1 of PJSC Uralkali": 1. Perform engineering – geodesic and engineering-geological surveys; 2. Perform engineering surveys of building structures; 3. Conduct feasibility study. The Customer undertakes to accept the results of the works and pay for them.	1 August 2018–30 April 2019	A. Vishchanenko, V. Lauk, M. Shvetsova, A. Yashnikov, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Construction Contract for design works No. 52-254 of 5 July 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Contractor undertakes to perform the following design work on the project "Technical re-equipment of cage lifting system No. 3 at the Solikamsk-2 mine field": 1. Develop the terms of reference; 2. Develop design documentation; 3. Develop engineering design documentation. The Customer undertakes to accept the results of the works and pay for them.	15 August 2018–30 March 2019	A. Vishchanenko, V. Lauk, M. Shvetsova, A. Yashnikov, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Supplementary Agreement No. 1 of 5 July 2018 to Construction Contract for design works No. 52-252 of 26 April 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	1. Amendments were made to the "Cost of works and the payment procedure" section of the contract. 2. Amendments were made to the assignment on project design. 3. The revised works schedule. The revised estimates.	1 March 2018–15 July 2018	A. Vishchanenko, V. Lauk, M. Shvetsova, A. Yashnikov, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Agreement of 9 July 2018 on termination of Construction Contract for design works No. 2-210 of 8 September 2016	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	Termination of the contract.	-	A. Vishchanenko, V. Lauk, M. Shvetsova, A. Yashnikov, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Contract for research works No. 165/18F of 16 July 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Executor undertakes to perform the following R&D activities: "Conducting long-term hydrometeorological and hydrogeological observations in the basin of the Volim River and research works on the reference water balance area", and the Customer undertakes to accept the results of the works and pay for them.	1 June 2018–31 May 2019	A. Vishchanenko, V. Lauk, M. Shvetsova, A. Yashnikov, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Contract for research works No. 172/18F of 9 July 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Executor undertakes to perform the following R&D activities: "Investigation of the influence of structural and textural features of rocks on their stress-related characteristics", and the Customer undertakes to accept the results of the works and pay for them.	1 June 2018–10 December 2018	A. Vishchanenko, V. Lauk, M. Shvetsova, A. Yashnikov, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Supplementary Agreement No. 8 of 9 July 2018 to Construction Contract for design works No. 5-002 of 23 March 2012	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The revised work schedule.	15 January 2012–30 November 2018	A. Vishchanenko, V. Lauk, M. Shvetsova, A. Yashnikov, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Construction Contract for design works No. 53-22172 of 9 July 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Contractor undertakes to perform the following design work on the project: "Verification of cross-beams and floor beams at +21,600, columns of the frame and foundations located between axes E-M and 6-21 of the main building of the Solikamsk-3 sylvinitic processing plant": 1. Conduct geophysical surveys of foundation soils; 2. Perform geological and engineering survey; 3. Collect data on current technological load and conduct a test calculation of cross-beams and floor beams at +21,600, columns of the frame and foundations located between axes E-M and 6-21 taking into account the loads of new technological equipment, and the Customer undertakes to accept the results of the works and pay for them.	1 July 2018–30 December 2018	A. Vishchanenko, V. Lauk, M. Shvetsova, A. Yashnikov, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Construction Contract for design works No. 2-02135/4 of 10 July 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Contractor undertakes to develop engineering design documentation on the project: "Reconstruction of slurry storage and building up dam capacity", and the Customer undertakes to accept the results of the works and pay for them.	2 May 2018–28 December 2018	A. Vishchanenko, V. Lauk, M. Shvetsova, A. Yashnikov, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Supplementary Agreement No. 4 of 9 July 2018 to Construction Contract for design works No. 5-002NO of 1 October 2015	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The revised works schedule	1 October 2015–30 November 2018	A. Vishchanenko, V. Lauk, M. Shvetsova, A. Yashnikov, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Contract for research works No. 174/18F of 9 July 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Executor undertakes to perform the following R&D activities: Scientific and Methodological Support for Monitoring Brine Deposits in Mines of PJSC Uralkali, and the Customer undertakes to accept the results of the work and pay for them.	1 June 2018–31 March 2019	A. Vishchanenko, V. Lauk, M. Shvetsova, A. Yashnikov, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Contract for research works No. 193/18F/5169/2018/51 of 6 July 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Executor undertakes to perform the following R&D activities: "The impact on the hydrological and hydrochemical modes of the Kamskoye reservoir and the Popovka River up to 5,000 cubic meters per hour of the volume of discharge of transit water from the emergency section of Solikamsk 2", and the Customer undertakes to accept the results of the works and pay for them.	14 June 2018–15 August 2018	A. Vishchanenko, V. Lauk, M. Shvetsova, A. Yashnikov, JSC Uralkali-Technology	Board of Directors of PJSC Uralkali (Minutes No. 347 of 19 April 2018)
Contract for works No. 747U-2018 of 25 July 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Executor undertakes to perform the following works: "Development of Technical and Economic Feasibility of provisional exploratory standards and a report with counting the reserves of the Romanovsky block of the Verkhnekamskoye salts deposit", and the Customer undertakes to accept the results of works and pay for them.	1 June 2018–31 May 2020	A. Construction Contract for design works No. 52-276 of 8 November 2018	PJSC Uralkali is the Customer, JSC "VNII Galurgii" is the Contractor	The Contractor undertakes to perform work on the "Composition of the backfilling mix": 1. Develop a gel-forming composition to limit water inflow in the area of a failure at the Solikamsk-2 mine. Selecting gel-forming systems suitable for creating an impervious screen that restricts water inflow into the area of the failure at the Solikamsk-2 mine. Investigate of gelation kinetics of selected systems in the temperature range of 2–10 °C. Study of the gelation kinetics and rheological characteristics of the selected systems, filled with rock, in the temperature range of 2–10 °C. Selection of optimal compositions for filtration studies; 3. Perform the experimental investigation of the filtration of natural waters and gelling compositions through the rock in thermobaric conditions of the sinkhole, filtration characteristics before and after the formation of gels. Evaluation of the backfilling properties of impervious gel screens. Selection of optimal gel-forming compositions for pilot industrial works, determination of physicochemical characteristics of the compositions; 4. Develop a method for preparing gel-forming compositions for conducting pilot industrial works to create an impervious screen in the area of the sinkhole at the Solikamsk-2 mine. Develop recommendations for using gelling compositions when performing pilot industrial works for creating an impervious screen that restricts water inflow to the area of the sinkhole at the Solikamsk-2 mine. The Customer undertakes to accept the results of the works and pay for them.	3 September 2018–11 February 2019	A. Vishchanenko, V. Lauk, M. Shvetsova, A.
